DETAILED ACTION

Claim Rejections - 35 USC § 112

1. The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

2. Claims 10-15 recite the limitation "the data". There is insufficient antecedent basis for this limitation in the claim.
3. Claims 16,19 recite the limitation "the data". There is insufficient antecedent basis for this limitation in the claim.
4. Claims 16,19 recite the limitation "the circuit device". There is insufficient antecedent basis for this limitation in the claim.
5. Claims 17-18 recite the limitation "the circuit device". There is insufficient antecedent basis for this limitation in the claim.
6. Claims 11-15 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention. It is unclear as to what 'selected pins comprising the selected fault injection locations' means.

Response to Arguments

7. Applicant's arguments with respect to 10-19 have been fully considered and are persuasive. The previous rejection of these claims has been withdrawn.
